This spatial fantasia will be choreographed and synchronized with the music, visuals, and VFX and SFX effects.

FUTURISTICA is a creation by PARASOUND Productions, in collaboration with a multi-award-winning team of visionaries who present this first-of-its-kind concert spectacle.

PRODUCTION OUTLOOK

Music:

Maestro **Dino Zonic** is creating an Orchestral/Electronic Suite original score with titles such: **Oceanic, Quantum Leap, Ozonic, Crossing Horizon, Odyssey,** among others.

The music style is a blend of **orchestral, epic,** and **contemporary electronic.**

FUTURISTICA performance structure contains an ensemble that includes approx. 25 members: **8 Strings, 8 Brass, 4 Percussion, 3 keyboard / piano,** and **2 Solo Vocals.**

Visual:

The audience will enjoy seeing the **visual content** that is seemingly blended with the stage, performers, and physical surroundings.

This format is transforming the concert venue into a contemporary and vibrant canvas. It will blur the boundaries between what is real and what is virtual, and will transport the audience into a whole new dimension of experience.

Sound

FUTURISTICA sound is a **blend** of **Dolby Atoms** from **surround** speakers and sound from a **live** performance. The audience will experience an audio landscape that surrounds them from every direction.

Imagine the live orchestra ensemble joined by pulsating and atmospheric electronics, and SFX sound effects. The **mix of live and spatial sound** will create a unique musical journey.

Sound Strap/Belt

The audience will wear the **sound strap/belt** that saturates and amplifies the sound experience delivering the rich and **new sonic vibrations**.

The entire body is exposed to high acoustic energy.

As every sound comes from the music or special effect, the **sound comes to life...**
